Collaborating for

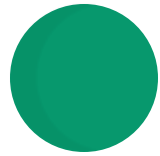

Conference Success

Current Needs

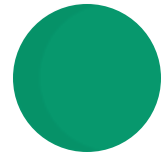

What specific challenges are ministry leaders in your conference facing that lack sufficient resources and support from GCFA/UMC Support?

Resource Gaps

Are there particular topics or areas (e.g., financial management, HR, legal) where ministry leaders often express needing more support?

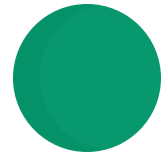

Accessibility

How easy is it for ministry leaders to find and access the resources they need?

What barriers exist?

Digital Tools

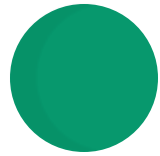

What kind of digital tools or platforms could better serve ministry leaders in their day-to-day work?

Training Opportunities

A thin vertical grey line that starts below the yellow circle and extends downwards.

Are there recurring themes or skills ministry leaders would benefit from additional training on, such as taxes, insurance, meeting planning, HR skills?

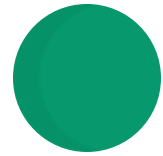

Success Stories

Have you seen any success stories or programs that have been particularly effective in addressing ministry leader needs?

What made them successful?

Communications Preferences

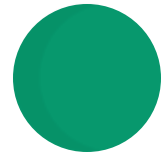

What methods of communication work best for sharing resources with you and ministry leaders (e.g., email, social media, webinars)?

Emerging Issues

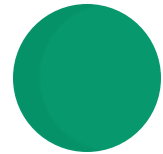

What emerging trends do you foresee ministry leaders needing support with in the next few years?

Collaboration

Are there opportunities for GCFA to collaborate with local conferences or external organizations to develop and deliver resources?

Feedback Mechanisms

What systems would be most helpful for ministry leaders to provide feedback on existing resources?

Thank You!
